

# Yad B Yad Scavenger Hunt

Program Objective: To raise money for Yad b'Yad and to "test" the Kadima'niks Jewish knowledge of Jewish people throughout time while having fun

Program Logistics: The kadimanicks will be divided into 8 different groups each with a staff member (because they will be running all over camp). Each USYer will be in a different location around camp, and they will each represent a different Jewish Hero or Figure. A group will approach each USYer in search of a Jewish leader and a clue (the clue will lead them to the next person). In order to obtain these things the group needs to figure out who each person is. Each clue will cost \$1 in CHUSY dollars and there will be a maximum of 10 clues given and therefore a maximum of \$10 collected each rotation (if they still haven't figured it out by then, just give it to them).
